MUNICIPAL REGULATIONS.

CITY CLERK'S OFFICE,
CITY OF CONCORD, FEB. 1, 1874. }

To persons having claims against the city:

All persons furnishing materials or service for the city, or aid to city paupers, should be particular to take the name of the person ordering such service, material, or aid, and should *know* that the person is duly authorized to contract said liability.

The city will not be holden for merchandise sold or delivered on city pauper account, except on the written order of the Overseer of the Poor, and for no longer time than until his successor shall have been appointed and qualified.

Duplicate copies will be required of all bills payable by the city, furnished on county pauper account.

All bills against the city must be approved by the person authorizing the charge; and unless this is done, no action can be had upon the bill by the committee on accounts, and no order will be given for its payment.

When bills are certified to as above, and left with the city clerk before twelve o'clock of the day of meeting of the committee on accounts, they will be audited by them, and, if approved, be ready for payment on the Wednesday following.

Meetings of the committees are held on the Thursday next preceding the last Saturday of each month, at two o'clock P. M., which will occur the present year, Feb. 26, March 26, April 23, May 28, June 25, July 23, Aug. 27, Sept. 24, Oct. 29, Nov. 26, Dec. 24, Jan. 28, Feb. 25.

REBUILDING FEDERAL BRIDGE.

The town of Concord built, in 1851, on the site of the old Federal bridge, the stone piers, abutments, and covered wooden bridge, which was carried away by the ice freshet of April 11, 1872. A short distance below was located the bridge of the Boston, Concord & Montreal Railroad Co., which was carried away at the same time. Temporary bridges were built soon after, supported by piles, and were continued in use to April of the next year.

Aug. 31, 1872, the city council authorized the Mayor, in behalf of the city, to enter into an agreement with said railroad company, by which the piers and abutments were to be built of sufficient length to place thereon two bridges, one for the railroad track, and the other for the public highway,—each party paying one half of the expense of constructing, maintaining, and keeping them in repair. This agreement bears date Aug. 1, 1872, and is recorded in city records, vol. 2, page 410.

The spans of the old superstructure were—

North span,	95 feet.
Middle span,	157½
South span,	170½
Total,							423

In order to obtain better proportions it became necessary to build the south abutment 13 feet, and the north abutment 40 feet farther north, leaving the length of the spans as stated below, increasing the north span from 95 to 135 feet, and diminishing the south span from 170½ feet to 157½ feet.

September 28th, the Mayor was also authorized and instructed to contract for the erection of a wrought iron bridge, to be placed on said piers and abutments, of the following dimensions :

North span,	135 feet.
Middle span,	157½
South span,	157½
Length,	450
Width of roadway,	18

October 21, such a contract was entered into between the city and the Wrought Iron Bridge Company, of Canton, Ohio, to erect, according to plans and specifications furnished by it, a wrought iron column and channel arch bridge on the foundations referred to, for the sum of \$18,462.50. It was opened for public travel, April 1, 1873, and, after a trial of nearly one year, has proved to be a substantial piece of work, answering all the purposes for which it was designed.

FINANCIAL STATEMENT.

Appropriation, April 27, 1872,	10,000.00
" April 12, 1873,	12,000.00
" Jan. 31, 1874,	5,000.00
	<hr/> \$27,000.00

Paid as follows:

Boston, Concord and Montreal Railroad Co., for one half of the expense of stone work furnished by it in excess of the amount furnished by the city,	\$7,546.88
Samuel J. Shaw, for stone,	863.56
Jeremiah Brown, rubbing east abutment,	47.46
M. H. Johnson, " "	46.00
H. E. Perkins, 127 loads of stone,	12.70
C. C. Lund, engineering,	45.25
Wrought Iron Bridge Company,	18,462.50
	<hr/>
Total expenses,	\$27,024.35
	<hr/>
Appropriation overdrawn,	\$24.35

Total receipts,	<u>\$654.00</u>		

The expense of putting in the pipes and fixtures for taking water from the city water-works, in front of the state house and near the Elm house, has been charged to incidentals, and amounts to about \$200. The expense for the water furnished by the commissioners has not been paid.

JOHN KIMBALL,

Superintendent Highways.

Report of the Committee on Sewerage.

To the City Council :

The Committee on Sewerage have caused to be built, during the year, sewers as follows :

From Warren street, near the house of True Osgood, north through Bowery avenue to School street, about 455 feet long, 18 inches diameter.

From the termination of the above on School street, west through said street to Spring street, 250 feet long, 18 inches in diameter.

From the termination of the above on Spring street, north through said street to a point opposite the house of Henry C. Sanborn, 12 inches in diameter.

From School street, near the house of G. W. Carter, north through land of Jacob Carter and others, to Prince street, 335 feet long, 12 inches in diameter.

Sewer from Main street west, through Cross street to State street, 342 feet long, 10 inches in diameter.

The cost of the first four, all being connected, is as follows :

Paid L. R. Fellows and men,	\$736.18	
Hutchins & Co., cement,	83.39	
N. Robinson, brick,	101.30	
Samuel Holt, "	15.20	
Warde, Humphrey & Dodge, tools,	11.60	
B. W. Sanborn & Co., cement pipe,	754.20	
L. R. Fellows, cash paid for incidentals,	31.90	
Concord Gas-Light Co., damage to pipe,	5.01	
Ford & Kimball, castings,	256.67	
E. B. Hutchinson, lumber and labor,	7.32	
500 ft. 18 in. cement pipe (paid for in 1872),	495.00	
		<hr/> \$2,497.77

Cost of the sewer in Cross street :

Paid M. H. Johnson and men, labor,	277.27	
B. W. Sanborn & Co., cement pipe,	178.90	
Ford & Kimball, castings,	41.35	
Brick, cement, and labor for cess-pools, estimated (charged in Ward-house acc't),	50.00	
		<hr/> 547.52
		<hr/> \$3,045.29

REPORT

OF

COMMITTEE ON CITY FARM.

To the City Council:

The undersigned, joint standing committee on the city farm, respectfully present the twenty-first Annual Report of the Receipts and Expenditures of the city farm, for the year ending February 1, 1874, together with the inventory of the property of the city belonging thereto. In presenting this report, your committee are of opinion that the welfare of the inmates at the farm has been carefully considered by the overseer and matron; and, judging from the financial exhibit of the past year, that the farm has been well managed.

DANIEL HOLDEN.
DAVID C. TENNEY.
DANIEL G. HOLMES.

Inventory of property at city farm, February 1, 1874:

	<hr/>	\$218.69
Total expense of county paupers residing in and aided by the city,		\$2,041.57
Total expense of city paupers for the year,		1,886.56
		<hr/>
		\$3,928.13

Total pauper expense brought forward,	\$3,928.13
Balance unexpended,	1,811.21
	<hr/>
	\$5,739.34

The number of applications for aid during the year was 162; number of persons aided, 179, exclusive of the large number of transient persons almost daily applying for assistance. Of the number aided by the city the past year, six have died,—males, 1; females, 5. Of the latter, one was aged 85, and one 94 years. Two were small children, and two died of consumption.

Judiciously to care for the poor, and, at the same time, aid them to care for themselves, has been the aim and object sought in this department of city service the past year. To “feed the hungry and clothe the naked” is only a part of the duty of those to whom this trust is committed. Economy is a virtue, but, in expenditures for suffering humanity, cannot always be strictly enforced. How, when, and to what extent aid should be extended, is a question not always easily to be determined. The importance, however, of suitable, efficient, and discriminating agencies for the judicious disbursement of public or private charities, is readily conceded. The duties of overseers of the poor, appointed by towns or cities, are quite different from, and do not rest upon the same basis as those of the officers of a charitable society. While the former in their official acts are and must be governed by the laws of the state, the latter are left free to follow the impulses of their benevolent and sympathizing hearts, and dispense their charities, and bestow their gifts upon the few, or many, as they deem worthy.

All of which is respectfully submitted.

C. F. STEWART, *Overseer of the Poor.*

REPORT OF CITY PHYSICIAN.

To the City Council:

I have the honor to submit, for your consideration, the following report in regard to those in our city, as have come under my observation, who have a claim on our sympathy and a public support:

At the city farm there has been but very little acute sickness, and but one accident—that being a man who was carried there after receiving a fracture of the arm. Not a single death has occurred during the past year; and, considering the class of people supported in almshouses, broken in mind and vitality, easily affected by morbid and unhealthy influences surrounding them, sensitive to changes of climate, it shows conclusively that good judgment and great care have been exercised by the superintendent and his wife; for many of those in their charge have some form of chronic disease, which has for a long time unfitted them from supporting themselves. But a well-ordered home, nourishing diet, good care and nursing, render their lives comparatively comfortable, and able to perform many light duties.

I have been called, by the overseer of the poor, to attend cases in twenty different families, supported partially by the city or county, and have found this class of patients generally very grateful for the assistance rendered, and not disposed to ask for help any longer than is absolutely necessary.

Our city has been remarkably free from epidemic or contagious diseases for the past year, which has been favorable to this class of our population; for the first effects of malarial and epidemic influences are primarily found among this unfortunate class in all towns and cities.

Our benevolent societies are and have been doing very much to relieve such as would otherwise suffer a long time before they would make their wants known; and, as good works should

always receive encouragement, I hope we shall, as citizens, nobly support these humane and benevolent associations.

I would add one word in behalf of the board of health:

They are often called to places which are obviously unhealthy, and a nuisance to all residing in the neighborhood; but, until our system of sewerage is completed, it is impossible to make permanent improvements.

I believe, however, it is time when the public should demand that back yards should not be used for pig-stys and outbuildings; that all stables have water-tight, cemented cellars; and that, as our sewers are extended, owners of tenement houses and others should be *compelled* to use them for sink drains and water-closets, as an open sink drain is the most fruitful source of typhoid fever which is known among medical men.

It is a source of regret that our school buildings have been erected with so little regard to ventilation and drainage; and I hope, as our sewers are extended into the vicinity of each of these public institutions, that improvement, so long needed, will be made at once.

G. P. CONN, *City Physician*.

REPORT OF THE CITY MARSHAL.

To the City Council:

Gentlemen,—I have the honor to present for your consideration my report of the business of the police department of the city of Concord for the year ending January 31, 1874.

The whole number of arrests made during the year, not including those made at Fisherville, were 357, as follows:

Intoxication,	125
Keeping liquor for sale,	38
For being out late at night,	33
Assault,	32
Noise, brawl, and tumult,	17
Larceny,	16
Suspicious persons,	15
Disturbing the peace,	14
Rude and disorderly conduct,	13
Ran away from school,	6
Selling liquor,	5
Insane,	5
Common loafer,	5
Common seller of liquor,	4
Truancy,	4
Cruelty to animals,	3
Adultery,	2
Driving horse farther than stipulated,	2
Common prostitute,	2
Evading railroad fare,	2
Breaking and entering,	2
Obtaining goods under false pretence,	1
Putting obstructions on railroad,	1
Common drunkard,	1
Breaking glass,	1
Malicious mischief,	1
Keeping open saloon after 10 o'clock,	1
Keeping open saloon on Sunday,	2
Careless driving,	1
Fornication,	1
Forgery,	1
Bastardy,	1
Total,	357

Of the above cases, 148 were arraigned before the police court charged with the following offences, to wit:

Keeping liquor for sale,	37
Intoxication,	33
Assault,	28
Rude and disorderly conduct,	13
Larceny,	9
Selling liquor,	5
Common seller of liquor,	4
Cruelty to animals,	3
Keeping open saloon Sunday,	2
Evading railroad fare,	2
Breaking and entering,	2
Adultery,	2
Common drunkard,	1
Breaking glass,	1
Bastardy,	1
Forgery,	1
Careless driving,	1
Keeping saloon open after 10 o'clock,	1
Fornication,	1
Putting obstruction on railroad,	1
	<hr/>
	148

And were disposed of by the police court in the following manner:

Sentenced to pay fines,	85
Ordered to recognize to appear at the supreme judicial court,	53
Discharged,	3
Sentenced to the house of correction,	2
Sentenced to the reform school,	2
Ordered to recognize to keep the peace,	2
Dismissed, or <i>not prossed</i> ,	1
	<hr/>
	148
Whole number of lodgers accommodated at the station house during the year,	359
Whole number of prisoners and lodgers,	716
Discharged from custody without complaint for what seemed to be good and sufficient reasons,	209
Respectfully submitted.	

JOHN CONNELL, *City Marshal*.

CONCORD, Jan. 31, 1874.

To the City Council :

The undersigned respectfully submits the following report of the doings of the police department in ward one for the year ending Jan. 31, 1874:

Whole number of arrests made during the year,	61
Intoxication,	19
Larceny,	6
Keeping liquor for sale,	6
Selling liquor,	2
Assault,	3
Rude and disorderly conduct,	3
Ran away from home,	2
Cruelty to animals,	1
Common loafers,	4
Driving horse farther than stipulated,	1
Sodomy,	1
For neglecting to appear at supreme judicial court,	1
Insane,	1
Swindling,	1
Careless driving,	2
Disturbing the peace,	4
Truancy,	2
Malicious mischief,	2
—	61

Of the above cases, 27 were arraigned before the police court charged with the following offences, to wit:

Intoxication,	11
Larceny,	3
Keeping liquor for sale,	6
Selling liquor,	1
Assault,	2
Rude and disorderly conduct,	2
Cruelty to animals,	1
Careless driving,	1
—	27

And were disposed of by the police court in the following manner:

Sentenced to pay fines,	19
Ordered to recognize to appear at the supreme judicial court,	6
Dismissed, or <i>nolle prosequi</i> ,	2
—	27

Respectfully submitted.

JOHN CHADWICK, *Ass't City Marshal.*

FISHERVILLE, Jan. 31, 1874.

Report of the Police Justice.

To the Mayor and the Board of Aldermen of the City of Concord:

The Police Justice herewith submits the twenty-first annual report:

Thirty-one civil actions have been entered in the police court during the financial year, terminating with this date.

Two hundred and thirteen persons, charged with the commission of various criminal offences, have been arraigned before the police justice during said year.

An account of those prosecutions, in which the city marshal and the assistant city marshal have participated, may be found in their respective reports of this date.

The police justice charges himself as follows:

Amount of costs received in such criminal prosecutions,	\$1,286.33	
Amount of fines received,	996.13	
Amount of costs in civil actions,	24.17	
	<hr/>	\$2,306.63

And discharges himself as follows:

Paid said officers' fees, witnesses' fees, &c.,	\$1,057.87	
Paid for blanks and other expenses,	17.62	
Paid city treasurer,	1,231.14	
	<hr/>	\$2,306.63

Of the number charged with the commission of criminal offences, an unusual proportion have been before the police court for examination merely,—the final disposal of whose cases devolving upon the supreme judicial court.

SYLVESTER DANA, *Police Justice.*

CONCORD, January 31, 1874.

To the Mayor and the Board of Aldermen of the City of Concord:

The Special Justice of the police court herewith submits his report for the two years last past :

There have been entered before him to January 31, 1874, four arraignments for criminal offences, three of which were transferred to the supreme judicial court, and one was discharged.

During the last year there were seven arraignments before him for such offences, in one of which the respondent was discharged ; in two others the parties recognized to answer before the supreme judicial court ; one was committed to jail, and the three others were sentenced to pay fines and costs.

The city marshal's report will sufficiently explain the nature of the several offences.

The special justice charges himself with
amount of costs in said criminal prosecutions,

\$51.43

Fines,

22.00

\$73.43

And discharges himself with amount paid
city marshal, officers' and witnesses' fees,

\$39.31

Paid balance to city treasurer,

34.12

\$73.43

A. FLETCHER, *Special Justice.*

REPORT OF THE CITY SOLICITOR.

To the City Council :

The suits of John B. Palmer *v.* Concord, and Chase Philbrick and Jeremiah Donovan *v.* Concord, mentioned in my last report as then pending, have been tried, each resulting in a verdict in favor of the city. The former case has been carried to the law term of the supreme court upon exceptions taken by the plaintiff, and is now before the court. Judgment has been ordered upon the verdict in the latter case.

The only suit now pending against the city is one brought by Jonathan Kimball for alleged damages caused by falling upon a sidewalk in front of the residence of E. H. Rollins.

CHAS. P. SANBORN, *City Solicitor.*

R E P O R T
OF THE
TRUSTEES OF THE PUBLIC LIBRARY.

To the City Council:

The report of the librarian of the Concord Public Library to the trustees, forwarded with this report of the trustees, shows that the condition of the library is as favorable as it has been for past years.

The increase of books by donation is very encouraging, and it is to be hoped that the good example of the donors may be followed by many others.

By the report of the treasurer it will be seen that there is now in the treasury the sum of \$301.64. It was thought to be a matter of necessity by the trustees that there should be published a full and complete catalogue of the books of the library. This is now being carried out, and this money in the treasury has been held in reserve for this purpose. This, of course, prevents the purchase for the present of such books as are very much needed. It is to be hoped, however, that our city fathers will make up this need by a liberal gift from the city treasury.

All of which is respectfully submitted.

JAMES H. EAMES,

In behalf of the trustees of the Concord Public Library.

February 20, 1874.

REPORT OF LIBRARIAN OF CONCORD PUBLIC LIBRARY TO THE TRUSTEES.

Your librarian would respectfully submit the following report of the condition of the library at the close of the year :

Number of volumes in library at last report,	5,983
Books added by purchase,	134
Books added by donations,	131
	<hr/>
Number of volumes now in library,	6,248

The donations were as follows: From a friend, through Rev. N. Bouton, D.D., eighteen volumes; United States Bureau of Education, four volumes; Hon. B. Wadleigh, five volumes Public Documents; Hon. S. N. Bell, six volumes; and from the Concord Agricultural Library Association, ninety-seven volumes of agricultural books,—a very valuable donation, as the books are the best published on the subject of agriculture.

The majority of all the books missing at the annual examination have been returned to the library at the date of this report. The number missing was one hundred and fifty-four. The number of persons using the library during the year, eight hundred and fifty-three, being a small increase over last year.

FRED. S. CRAWFORD, *Librarian.*

CONCORD, Feb. 1, 1874.

TREASURER'S REPORT.

Charles W. Sargent, Treasurer, in account with Concord Public Library.

Thomas Carley, balance wages,	177.00	
Charles C. Lund, water valve,	23.00	
Luther Roby, for 2½ cords manure,	15.00	
	<hr/>	\$221.85
		<hr/>
Whole amount of indebtedness,		\$371.14

Due the City, February 1, 1874.

For purchase of land for B. H. Cemetery,	\$1,942.68	
Interest,	116.57	
Late addition to Cemetery,	3,562.50	
Interest,	71.25	
	<hr/>	\$5,693.00
Less paid the city for one half receipts for		
sale of lots, 1873,		531.20
		<hr/>
		\$5,160.80

It will be seen by the above statement that the committee have expended \$371.14 more than the receipts of the past year. The introduction of Long Pond water was attended by considerable expense, but it is believed that the great advantage gained by it fully justifies the cost. The fountain in the grass plot on the summit is of neat but inexpensive design, and the two drinking fountains are for use rather than for beauty. The laying of the main pipe, and all the plumbing, have been done in the most thorough and substantial manner, and more beautiful fountains can be placed in the location of the present ones, whenever the city can afford it.

It is a matter of congratulation that the city has purchased the additional land (about twenty-three acres) for an extension to the present limits of the cemetery. It is now desirable that this addition should be carefully surveyed and plotted, so that the necessary improvements may be commenced as soon as possible. The committee understand that this land was purchased on the same general terms as the original tract, viz., that the first \$1,500 received for the sale of lots should be applied to laying out and embellishing the grounds, and that thereafter, one half the money received for the sale of lots should be paid to the city until the purchase-money was paid.

It seems very desirable to the committee that a sufficient sum of money should be appropriated for the purpose of putting the new part into as good order as possible, at as early a date as practicable, and that the lots in the best locations should be sold at such increase from former prices as will make the income materially larger. There will be plenty of cheap lots, and

there should be an opportunity for those who are willing and able to pay more for choice locations to do so.

The committee are aware that many things need to be done in both the old and new cemeteries, but the funds at their disposal are so limited that it is not easy to keep the cemeteries up to their present standard,—much less to make the various improvements needed to make these burial-places what they should be. They hope that the citizens will be disposed to make such appropriations as will enable them to make these cemeteries every way a credit to our city.

CHAS. C. LUND,	}	<i>Cemetery Committee.</i>

CHIEF ENGINEER'S REPORT.

To the City Council :

In compliance with section 3d of an ordinance relating to the Fire Department, I have the honor to submit this, my first Annual Report, for the year ending January 31st, 1874 :

FORCE OF DEPARTMENT.

The entire force of this department consists of one chief engineer, eight assistant engineers, and one hundred and ninety men, divided as follows :

Within the precinct: One chief engineer, five assistant engineers, twenty-four members of steam fire engine companies, thirty-six members of hose companies. twenty members of hook and ladder company. Total, eighty-six men.

Without the precinct: Three hand engine companies, viz., "Pioneer," No. 1, Fisherville, fifty members; "Old Fort," No. 2, East Concord, thirty members; "Cataract," No. 3, West Concord, thirty members. One assistant engineer is resident in each of these localities. Total, one hundred and thirteen men.

During the year, several important changes have been made in the department. Hook & Ladder Company, No. 1, has been reorganized, and increased to twenty members.

Concord Railroad Hydrant and Hose Co., No. 1, twenty-four men ; also, Northern Railroad Hydrant & Hose, No. 2, twelve men, have been disbanded ; and two new hose companies have been formed, of twelve men each,—one at the North and another at the South end. These companies are constituted of carefully selected men, and are believed to be prompt and efficient ; and in this connection it may be said that the entire department is composed of good and reliable men, united, effective, and deserving of all praise in the discharge of their duties.

APPARATUS.

The department now has in use two steamers,—one first class and one second class ; one horse hose carriage and two hand hose carriages, all built by the Amoskeag Manufacturing Co. The last two are new, and were put in service during the year. They are constructed in the best manner, and are considered good and reliable. The hook and ladder truck, built by the Abbot, Downing Co., is also a first class piece of apparatus. Eagle hose carriage has been repainted and repaired throughout, with all the modern improvements added, and is now in excellent order and condition.

Our entire apparatus I consider complete, and believe it will compare favorably with any in New England.

HOSE.

Prior to the first of October, 1873, the department had in use three thousand feet of two and one half inch steamer and hydrant hose, in a fair condition for service. At the recommendation of the board of engineers, the city council purchased fifteen hundred feet leather hose of Samuel Eastman & Co., of this city, making a total of forty-five hundred feet, for precinct department.

At Fisherville, there is six hundred feet of new and three

hundred feet of old two-inch hose ; East Concord has three hundred and seventy-one feet of new and three hundred feet of old ; and at West Concord there is about five hundred and fifty feet, making the total amount of hand engine hose two thousand one hundred and twenty-one feet.

HOUSES.

Under this head I would earnestly call attention to the immediate wants of that portion of the fire department located on Warren street, and would recommend that suitable buildings be erected as soon as possible, in some central part of the city, for the use of the two steamers, Eagle Hose, and Hook and Ladder companies, those now in occupancy being totally unfit in every respect.

Steamer house on Warren street presents a forlorn appearance, showing the march of time and decay. The structure now occupied by the hook and ladder company was originally built as a temporary shelter, hastily and rudely constructed. It is insecure, and inadequate for the requirements of this branch of the department.

When we consider the amount of property these buildings cover, it seems that the request for the removal of these causes for general dissatisfaction is just, and one that should be promptly granted.

During the past year a very neat brick house has been erected on Washington, near State street, for the use of Alert Hose Company, No. 2, which is creditable to the city, and of great advantage to the department.

A new brick building at the South end, corner of Cross and State streets, is nearly completed, and will provide the same accommodation to Good Will Hose Company, No. 3, as that at the North end gives to the "Alert."

The houses without the precinct, at Fisherville and West Concord, are in good order. The house at East Concord is somewhat dilapidated, and needs thorough repairs to render it serviceable.

LONG POND WATER.

The introduction of Long Pond water, and the placing hydrants throughout the streets (the location of which is given elsewhere), has proved of inestimable advantage for fire purposes, as has been fully attested at the different fires that have occurred during the year.

Especially do we mention two,—that at J. H. Rowell's stable, and the Abbot, Downing Company's shops,—both of which might have spread into serious conflagrations but for this means of extinguishment. It is a matter of general congratulation that there now exists no cause for future anxiety in this respect.

FIRES AND ALARMS.

During the year the department has been called out to fires and alarms fifteen times, as follows :

March 7th, 1873. An alarm of fire at Fisherville, in the boiler house connected with the cotton mill of J. S. Brown, caused by sparks from the furnace door. Loss trifling.

March 16th. Alarm of fire, caused by burning of chimney at the Elm house. No aid needed from the department.

May 15th. J. H. Rowell's stable, rear of Phenix hotel, was entirely consumed, and the warehouse owned by Hutchins & Co. was also destroyed; iron store of Walker & Co., slightly damaged, as was also the flour store of Whitcher & Stratton, and building of J. L. Mason. Cause, probably accidental. Losses as follows: J. H. Rowell, on building, \$3,000—insured fully; on stock, \$600—insured. Hutchins & Co., loss on building, \$8,000—insured; on stock, \$2,350.20—insured. Whitcher & Stratton, loss on building, \$175—insured; on stock, \$50—insured. William Vogler, loss on stock, \$180—fully insured. Walker & Co., loss on building, \$125; on stock, \$50—insured. J. L. Mason, loss on building, \$150—insurance, \$75. J. R. Crocker, loss on furniture and live stock, \$525—insured. At the same time

a dwelling-house on Chandler street, owned by the Concord Railroad Co., took fire from the sparks, and was entirely destroyed. Loss, \$500—insurance, \$300. Total loss, \$15,705.21—insurance, \$15,630.21.

May 16th. J. Putney's store at East Concord was burned. Loss on building, \$1,000—insured, \$800 ; on stock, \$300—no insurance. Total loss, \$1,300—insurance, \$800.

May 30th. Alarm of fire at Page Belting Co.'s shops, which was extinguished by their force pumps without aid from the department. Loss trifling.

June 30th. Fire at the North end, in the carriage manufactory of S. M. Griffin & Co., which, with the dwelling-house occupied by him, was destroyed. The fire communicated to the North church, which was entirely destroyed, and thence to the chapel on the west, which was partially burned. From Griffin's house the flames spread to barn and storehouse, which were destroyed. The barn of Lyman Merrill was also burned, and an unfinished house belonging to him was partially consumed. From Mr. Merrill's premises the fire communicated to the house of Sylvester Dana, situated on Pearl street, which was also burned. The losses are as follows: S. M. Griffin, loss on house and ell, \$2,500—insurance, \$1,700 ; on contents of shops, \$4,000—insurance, \$800 ; on furniture and household goods, \$750—insurance, \$200. The loss of the North church is estimated at \$15,000—insurance, about \$4,600 ; \$2,000 additional insurance was also held by the pew-holders. Lyman Merrill's loss \$700—insurance, \$487.50. Unfinished house, built by G. H. Seavey, was a total loss of \$1,000. Sylvester Dana's loss estimated at \$3,000—insured, \$2,500. Total loss, \$26,950—insurance, \$12,287.50. The cause of this fire was probably incendiary.

July 15th. Abbot, Downing Company's carriage manufactory, which was extinguished without aid of the department. Cause incendiary. Loss trifling.

August 8th. Fire was discovered in the wooden store-

house of the Abbot, Downing Company's works, which soon communicated to the three story northerly building. The second and third floors of this building were used as paint shops. Owing to the dry condition of the building, and the combustible nature of its contents, the fire made rapid progress. After an hour's hard work, the fire was finally brought under control. Entire loss on building and stock was \$19,672.84—insurance, \$19,014.80.

August 30th. Ell of house, owned and occupied by D. W. Fox, on Merrimack street, at Fisherville, which was extinguished by a few pails of water, without aid from department. The fire caught from ashes kept in a barrel. Loss, \$25—insurance, \$25.

September 5th. Alarm of fire at the house of Patrick Haggerty, on Cross street; extinguished without aid from the department. Cause accidental. Loss trifling.

September 18th. The wooden buildings owned by J. R. Hill, in rear of State block, were partially burned. Loss, \$528—insurance, \$528. J. R. Hill & Co., loss on contents of shop, \$400—insured, \$400. Durgin's block was damaged to the amount of \$550—insured. Dr. Guilmette, who occupied most of the second story of this building, lost considerable by the hasty removal of his property. James S. Crockett, organ key maker, who occupied rooms in the third story, had his stock somewhat damaged. The machine shop, located in the basement, was considerably damaged by water. Cause unknown. Total loss, \$1,478—insurance, \$1,478.

September 23d. The Mechanic's block, at Fisherville, owned by Wm. R. Wadleigh and G. W. Abbott, was damaged to the amount of \$500—fully insured; occupied as follows: W. R. Wadleigh, saloon; loss, \$150—insured for that amount. Batty & Co., tin ware and crockery dealers; loss by water and smoke, \$500—fully insured. John Foley, boots and shoes; loss, \$25—insured. Oscar F. French, barber shop and tenement; loss \$50—insured. H. D. White, dentist; loss \$100—no insurance. John C. Linchan, loss by

moving goods from grocery store, \$25—insured. The cause of this fire is unknown. Total loss, \$1,340—insurance, \$1,240.

November 6th. Alarm at house on Franklin street, owned by Charles Mehagan. Extinguished without aid of department. Caused by a defective chimney. Loss trifling.

November 16th. Alarm caused by fire at Contoocookville. Steamer Kearsarge was dispatched, and rendered good service. On the same day, an alarm was caused by the burning of a chimney at Phenix hotel. Department promptly on the spot, but their services were not needed.

December 5th. The steamer Kearsarge was sent to the aid of Suncook without a general alarm being given, but arrived too late to render any service.

January 1st. The wooden building on Main street, owned by J. H. Chase, and occupied by John Williams, saloon; William Gilman, boots and shoes; J. R. Hubbard, cigar shop;—also, the building attached, owned by Williams & Stevens, and occupied as a barber shop by William Sharples. Losses as follows: J. H. Chase, loss on building, \$400—insured. Wm. Gilman, loss on building, \$150—insured. Williams & Stevens, loss on stock and building, \$784—insured. Sharples, loss on stock and furniture, \$100—insured. Total loss, \$1,434—insurance, \$1,434.

The sum total of these losses, which have been carefully collected, is \$67,905.05, on which was paid insurance amounting to \$51,909.51.

CONCLUSION.

In concluding this report, I would take this opportunity to tender my thanks to the members of the city council for their cheerful endorsement and support of all matters relating to the advancement of the fire department, particularly to the mayor and fire committee, who have always been ready in response to every requirement. I also acknowledge my obligations to the city marshal and the police force for

their cordial efforts. To my assistants, and to all members composing the various companies, I sincerely return my thanks for their promptness and efficiency displayed in every call of duty, and to whose energy and bravery may be attributed all success.

Respectfully submitted.

JOSEPH S. MERRILL,

Chief Engineer.

CONCORD, January 31st, 1874.

ROLL OF THE FIRE DEPARTMENT. FOR 1874.

CHIEF ENGINEER.

REGULATIONS
FOR THE
CONCORD PRECINCT FIRE DEPARTMENT,

ADOPTED BY THE BOARD OF ENGINEERS, JANUARY, 1874.

ARTICLE 1. Any engine or hose company, running out a line of hose from a hydrant or steamer, shall be entitled to the pipe, although the hose of other companies may be attached in order to reach the fire; and any company, coming to a fire, and finding an incomplete line of hose laid out from a hydrant or steamer, shall attach to and lengthen out such line, in lieu of laying a line of its own.

ART. 2. When two or more engine or hose companies are playing in a continuous line, the pipe shall belong to the company attaching to the hydrant or steamer, as provided in the foregoing article; but any company furnishing the *entire* line, and receiving water from a steamer, the pipe shall belong to such company so receiving.

ART. 3. Each engine and hose company shall have equal claim to the hydrants; but it is enjoined upon the engine companies to draught their own water from a reservoir, wherever a suitable one can be found within reasonable distance.

ART. 4. No company shall take possession of a hydrant or reservoir, unless their hose and apparatus for attaching to

the same are at hand and ready for use. The company which shall be thus ready shall be entitled to such hydrant or reservoir; but, upon the order of an engineer, another company may attach a second line of hose from such hydrant or steamer, in case the same may be necessary,—such company having first laid its hose, and being ready to attach the same.

ART. 5. In proceeding to, working at, or returning from fires, noisy demonstrations are strictly prohibited, and it is required of officers of companies to maintain perfect order and decorum in their respective commands during all such service.

ART. 6. No company, while returning from a fire, will be allowed to proceed faster than a walk, and at all times to keep on the right of the street. Drivers are strictly enjoined, in proceeding to a fire, to use the utmost care and caution consistent with promptness. Racing between companies is forbidden under any circumstances. Any collision or casualty occurring to horses or apparatus will be considered a sufficient cause for the suspension of the driver in charge at the time.

ART. 7. The bells will at first ring a general fire alarm; and, when the locality of the fire is known, the number of the Ward will be struck, and repeated for the space of at least ten minutes.

ART. 8. No member of any company shall leave the city without first informing his foreman; no foreman or assistant engineer, without first notifying the chief engineer,—in each case the party so leaving providing a substitute.

ART. 9. In case of fire, the foreman first arriving shall be in command until the arrival of an engineer.

ART. 10. Any order issued by the chief, or an assistant engineer, shall be promptly obeyed.

ERRATA. On page 5, eighth line from top, read N. C. Taplin instead of "C. C. Topliff."

On page 32, third line from top, read 1885 instead of "1855."
